

Add Bluetooth connection capability to your PC!

The Linksys USB Bluetooth Adapter adds local wireless connectivity to your USB-equipped computer. Bluetooth technology lets you connect various electronic devices together wirelessly, eliminating the need for wires all over your desktop, and easily connecting your notebook to peripherals in an airport lounge without all the cable clutter.

With the USB Bluetooth Adapter plugged into a USB port on your notebook or desktop computer, you'll be able to connect with other Bluetooth-enabled devices to synchronize the data in your PDA, transfer files to other computers, send files to printers or fax servers, use a wireless mouse, keyboard, or telephony headset, or use your mobile phone as a link to the Internet, all without cables.

Up to seven Bluetooth 1.1 compatible devices can connect to the USB Bluetooth Adapter simultaneously, creating your own "Personal Area Network". The Adapter is a Class 1 long-range device, and is powered directly from the USB port, so there's no need for an external power supply. To keep your data secure, Bluetooth technology uses 128-bit encryption and a "frequency hopping" scheme that's almost impossible to intercept.

Bluetooth peripherals broadcast their availability and offer their specific services to local authorized systems. The Bluetooth management and connectivity software included with the USB Bluetooth Adapter makes it easy to discover and connect to these nearby devices. Enter a whole new world of wireless connectivity with the Linksys USB Bluetooth Adapter.

Add Bluetooth Class 1 connectivity to your USB-equipped notebook or desktop computer

Wirelessly connect to local devices such as mobile phones, PDAs, printers, headsets, other computers, mice, keyboards, and more

Synchronize data between your PC and PDA, and keep your mobile phone's address book up to date

Use your mobile phone to connect your notebook computer to the Internet, while the phone is still in your pocket

Bluetooth USB Adapter

Product Data

Model

USBBT100 (UK/EU)

Bluetooth USB Adapter

Features

- Compliant with Bluetooth v1.1 Specification
- Supports USB 1.1 with up to 721Kbps Transfer Rate
- 128-bit Encryption and Authentication Ensure Safe, Secure Communications
- Connect up to 7 Bluetooth Devices
- Wireless Connection Distance up to 100 Meters
- Low Power Consumption
- Compatible with Microsoft 98SE, Me, Windows 2000, and XP

Specifications

Model Number	USBBT100
Standards	Bluetooth 1.1, USB 1.1
Operating Frequency	2.4 ~ 2.4835GHz
LEDs	One LED
Transmitted Power	13~17dBm (Class 1)
Antenna	1.2 dBi
Receive Sensitivity	-80dbm @ 0.1% BER
Power Consumption	Typical: 110mA Transmit: 200mA Receive: 80mA Idle: 26mA
Security features	128-bit Encryption
Transmission Speed	721 Kbps (Max)
Wireless Technology	Frequency Hopping Spread Spectrum
Warranty	2 Years

Environmental

Dimensions W x H x D	75 mm x 3 mm x 8,5 mm (2,95" x 0,12" x 0,33")
Unit Weight	0,03 kg (0,99 oz.)
Certifications	FCC, CE
Operating Temp.	0°C to 70°C
Storage Temp.	-20°C to 90°C
Operating Humidity	10% to 90%, Non-Condensing
Storage Humidity	5% to 90%, Non-Condensing
